

Dr Yunus Ambassadors reduce CO2 Emission to reduce poverty

Orphans and slum kids design and 3-D print miniature smart street lamps

They program the street lamps to dim down when no cars are coming to save electricity

They want to reduce CO2 emission that causes greenhouse effect which changes the climate. Drought and floods damage crops and cause poverty. They want to participate in the Carbon economy.

Whenever people hear about Dr Yunus' work to stop poverty, they love it! Dr Yunus Ambassadors in Primary Schools, Universities mentored by Social Pioneers like Nkandu Beltz develop strategies to create Social Business Ambassadors to help spread the word about Dr Yunus' work to end poverty.

Prof. Yunus

Actor Hugh Jackman is a staunch supporter of Indigenous community, people in need and Dr Yunus
